

OLEKSII BIDNYK

iOS Software Engineer

@poveredby.me@gmail.com <https://aleksey19.github.io/portfolio/>
Varna, Bulgaria

SUMMARY

I'm an iOS developer with rich working experience in product, outsourcing and start-up companies.

EXPERIENCE

iOS Lead Developer

08/2020 - Present

Liquidfish

Oklahoma City, OK

Liquidfish is a digital advertising and development agency. I've been working on two social media platform applications for famous singers. Also supported and created new applications for Braums Inc. and Eighttwenty Inc.

- Led iOS team up to 3 members
- Designed media application in short terms
- Direct communication with US developers teams and clients
- Fully remote work
- Increased crash-free sessions up to 99,72% for products ordering app with bad development history
- Developed starter project that decreased setup time for new projects
- Automated app delivery using different tools (Xcode Cloud, Jenkins)

iOS Software Engineer

09/2016 - 07/2020

Boston Merchant Financial Ltd.

Boston, MA

Company is a provider of trading and investments solutions.

- Created platforms for forex trading and mutual funds.
- Developed new features and modules based on MVVM-C architecture using Swift, RxSwift, SignalR tools.

iOS Teacher

2015 - 2016

Hillel IT

Dnipro, UA

Private IT school. I finished 2 courses.

- Had an experience with teaching students
- Managed classes up to 10 students

iOS Software Engineer

05/2016 - 08/2016

Pinta Web Ware

Dnipro, UA

Web development agency.

- Successfully developed client-server iOS application after one and half year pause in software development
- Reviewed and took care on iOS intern
- Worked under the management pressure in stressful atmosphere

iOS Software Engineer

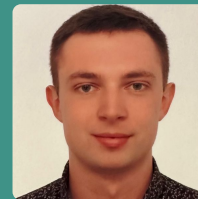

02/2013 - 01/2015

CuriousIT (ITGroups)

Dnipro, UA

Software development agency. Developed two mobile banking applications for Russian and South American banks.

- Got an overwhelming experience of building robust, secure and reliable iOS applications.

STRENGTHS

Responsible

Work until serve the best quality

Team player

Take initiative in the team and provide smooth communication and development process

ACHIEVEMENTS

Developed high quality applications for world-famous singers

I got amazing experience of development process under pressure and in limited time

Have wide experience with different technologies and sdks

It helps me to take right decisions during development process
